<b>Date of Publication</b>	Apr 6, 2020

**Clarification of News Report**

We refer to the letter of the PSE, asking us to clarify or confirm today the quoted statements below in relation to the following news article entitled "Sangley airport consortium seeks extension to complete requirements" posted in philstar.com news on April 6, 2020. The article reported in part that:

"MANILA, Philippines — The consortium of Lucio Tan's MacroAsia Corp. and its Chinese partner for the Sangley Point International Airport (SPIA) project is seeking a two-month extension from the provincial government of Cavite to complete its post qualification requirements given the developments brought about by the coronavirus disease 2019 or COVID-19 outbreak.

The consortium, which received the notice of award from the local government of Cavite last Feb. 15, has been given 60 days to comply with all post qualification requirements before an official signing of a joint venture contract with the local government is made.

However, travel restrictions and lockdowns imposed by China and later on in the country posed challenges to the consortium in completing its post qualification requirements.

'The consortium has already requested an extension of 60 days from the original deadline within which to submit post qualification documents/requirements, including among others, the joint venture agreement between China Communications Construction Co. Ltd. (CCCC) and MacroAsia,' Cavite government public-private partnership selection committee legal officer Jesse Grepo told The STAR.

...."

We confirm the report.
